We would like to warmly welcome all international students of the Faculty of Education to our lecture series entitled *A Compendium of Educational, Social and Human Sciences*. The lectures will be held regularly once a week (90 min lesson per week).

The aim of the series is to make international students a little bit more familiar with various aspects of life and education in the Czech Republic, whilst international students can bring their own views on various issues. In the end, this will be a great educational and multicultural experience for all.

An exchange student who enrolls in the course may earn **5 credits** upon successful completion of the course requirements, which are:

- Minimum participation of 80 % of the lectures.
- Submission of an essay (min. 800 words) – the aim is to reflect upon one of the topics covered by lectures and workshops (what you found interesting and inspiring), and compare the knowledge from lecture with what you learnt by living in the Czech Republic. Please, follow the general rules about academic writing and work with at least two sources (website, article, curriculum documents etc.). Even though you will present your own opinions and attitudes, bear in mind that essay is a formal piece of writing.
