OUTPUTS FROM THE CONFERENCE

The conference organizers are preparing two options for publishing contributions from the conference.

1. **Expert peer-reviewed journal e-Pedagogium**. Selected contributions that meet the standards of the journal in terms of focus and quality will be forwarded to the review process. If the text is not recommended for publication by the reviewers, it will be possible to include the article in the peer-reviewed conference proceedings book or offer it to the author for further use and publication in another periodical.

2. **Peer-reviewed online collection.** With a sufficient number of contributions, an online konference proceedings peer-reviewed book will be published.

INSTRUCTIONS FOR AUTHORS

Recommended length of presentation **10–15 mins**.

Deadline for registration and submission of title, annotation and keywords: **15. 11. 2022**

Abstracts are sent as part of the conference application and will be available to conference participants.

Deadline for sending contributions to the review process: **15. 12. 2022**

The total range of the contribution is 5 to 15 standard pages.

The formal editing of the contribution follows the requirements of the e-Pedagogium journal (e-pedagogium.upol.cz).

The structure of the contribution: abstract and keywords in English and Czech, preserves the structure of a professional study, titles and sources are given for tables and figures, the literature is clearly described, only cited titles are listed in the bibliography. The contact information for the author and the address of the workplace are given with the contribution. Send contributions to the e-mail address tomas.cech@upol.cz.
